

# **Young Start**

#### Application form for grants up to £100,000

November 2024

Through the Young Start programme we aim to help children and young people aged between 8 and 24 become more confident and play an active part in realising their full potential.

#### Outcomes

Through Young Start we will fund organisations to deliver work that achieves at least one of the following three outcomes:

- · Children and young people have better physical, mental and emotional wellbeing
- Children and young people have better connections with the wider community
- Children and young people get access to new skills and training opportunities which will help them get a new job or start a business

#### **Approaches**

We want to fund organisations that design their work with the children and young people they support. We'll want to see that you:

- involve them in how you design, develop or deliver your organisation's work
- make use of their skills and interests
- complement and make connections with the existing services they use.

#### a) Who can apply?

Organisations can apply who are working with young people aged between 8 and 24. This funding is for third sector organisations, including voluntary organisations, community groups, social enterprises, housing associations, sports organisations, co-operatives and charities.

We cannot accept applications to Young Start from schools, statutory bodies such as local authorities or health boards, individuals and sole traders, 'for-profit' organisations and private companies, non-departmental public bodies and government departments.

Organisations with existing grants from the The National Lottery Community Fund can apply to Young Start but organisations can only have one Young Start grant at a time.

# You need a board or committee with at least three members who are not related

Related can mean:

- related by marriage
- in a civil partnership with each other
- in a long-term relationship with each other
- related through a long term partner
- living together at the same address
- related by blood.

All companies who apply must have at least two directors who are not related in any of these ways. This also applies to companies that are also registered as charities.

#### b) How much can you ask for?

You should complete this application if you are asking for between £20,001 and £100,000. This funding will support activity which lasts between 1-3 years. Unfortunately we're unlikely to have enough money to fund all the applications we receive but projects will have a better chance of success if they can show how they meet one of the programmes outcomes and three approaches as outlined above and show value for money.

#### c) What can you apply for?

Although we welcome match funding in applications, we can fund up to 100 per cent of activity costs including staff, training, volunteer expenses, equipment, evaluation and overheads. We can fund costs for minor building refurbishment or landscaping work as part of your overall activity.

There are some things we can't pay for such as travel outside the UK and activities that promote religious activity.

These lists are not exhaustive, the Young Start webpage has more information on eligible costs.

#### d) How we will assess your application

As well as the information you provide on this form, we may contact you to discuss your application further during assessment.

During the assessment of your application we will consider how your activity fits with the outcomes of this funding and the three approaches (people-led, strengths-based and connected).

We will also consider the capacity of your organisation to deliver the planned activities.

#### e) What happens next?

We'd like to talk to you about your ideas before sending you an application form so we can give you advice on whether or not this funding is right for what you want to do. This will also enable us to identify and provide extra support if you need it.

Contact us at <u>advicescotland@tnlcommunityfund.org.uk</u> or 0300 123 7110 to discuss your ideas or if you have any questions about completing your application form.

## 6. Tell us how young people are involved in the design, development and delivery of the activities.

Around 300-500 words

Help note: It might be useful to think about the different stages of your activity and how young people have been or will be involved at each stage. For example:

- How have previous or potential participants been involved in planning and development?
- How will you ensure young people taking part have an active role in shaping activity?
- Are young people involved in the board, committee or steering groups?
- Is there a potential mentoring, volunteering or delivery role for participants, both current and previous?

# 7. Tell us how you will identify and make the most of strengths of the young people involved in your activities.

Around 300-500 words

Help note: we want to know about your approaches to identifying the strengths of the people taking part and how your activity will use these to help them achieve their potential. Strengths of people could include their skills, knowledge, experience, relationships, qualities and talents.

#### 8. Tell us how you will identify and make the most of connections in your community.

Around 300-500 words

Help note: this shouldn't just be a list of organisations you know about. We want to know about the relationships you already have and any others you'll develop. Tell us:

- How your activity is linked to other organisations, facilities, resources and networks in your area?
- How what you're planning to deliver complements and adds value to existing provision for the people taking part?
- How your connections will be maintained and developed on an ongoing basis?
- If there is already something similar in your area, explain why your activity is needed?

#### 11. Where will your activity take place?

This helps us to understand where the money is making a difference. If your activity will take place in more than one location, select the main one. If you haven't identified exactly where it will take place yet, please enter your organisation's address.

#### 12. Where do the young people live who will participate in your activity?

If the people are in one local authority area only, complete one row and put 100 per cent.

If the people are in a community that spans more than one local authority area, use more rows and estimate a percentage for each one.

You can enter up to 3 areas in the table. If there are more than this select the top 3.

#### 20. Working with children, young people and vulnerable adults

If you are applying for a project to work with children, young people or vulnerable adults, you need to be sure they will be safe.

#### We would expect you to:

- prioritise the safety and wellbeing of all children and adults at Risk who come into contact with your organisation (including contact with your centres, projects, staff and/or volunteers)
- ensure Children and Adults at Risk are given a voice by creating an environment and providing opportunities for Children and Adults at Risk to tell you what you are doing well, what risks there are to them and how you can help keep them and others safe.
- clearly outline to all the people in your organisation (permanent and fixed-term employees, non-executive committee members, agency staff, interns, volunteers, contractors and consultants) your mandatory policies and processes and a code of conduct that keep Children and Adults at Risk safe.
- have a tailored, up-to-date procedure for reporting concerns and disclosures that everyone knows about and feels confident in applying (including not just the people in your organisation but also the carers or guardians of the Children and Adults at Risk who come into contact with your organisation and, where appropriate, the Children and Adults at Risk themselves).

# If your funded project involves working in regulated activity with Children and Adults at Risk, you will also consider:

- having one or more nominated member of staff (a Designated Safeguarding Lead) who has the knowledge and skills to promote safe environments for Children and Adults at Risk and is able to respond to concerns and disclosures.
- ensuring everyone understands their safeguarding roles and responsibilities and is provided with appropriate learning opportunities to recognise, identify and respond to concerns and disclosures relating to the protection of Children and Adults at Risk.
- using safe and transparent recruitment processes including (1) an appropriately detailed DBS/PVG check for staff who come into contact with Children and Adults at Risk (2) obtaining references that confirm that the referees are not aware of any reason why the applicant should not work with Children and Adults at Risk (3) up-to-date, proportionate safeguarding training for people in your organisation.
- conducting safeguarding risk assessments and provide guidance for your organisation, locations, projects and processes to enable a safe, inclusive environment for all Children and Adults at Risk we support. This could include guidance on taking Children and Adults at Risk away on trips, consents required, the ratio of adults to Children and Adults at Risk, transport safety and emergency procedures and guidance on Children and Adults at Risk who require medication and consideration of the Prevent Duty.

#### Keeping public money safe

We use the personal information below to carry out some basic identity checks as part of our standard fraud prevention process. All organisations, need to provide this.

Our identity check may appear on a credit report, but it's <u>not</u> a credit check and can only be seen by the person we're checking, so their credit rating <u>will not</u> be affected. You can find out more in our <u>Guide to Risk Analysis on our website</u>.

#### Your contacts

We need some personal details for **two different people** related to your application - a **main contact** (the person we'll usually deal with) for your application and **a senior contact** (who must be an office bearer of your organisation).

These two people cannot be related. Related can mean:

- related by marriage
- in a civil partnership with each other
- in a long-term relationship with each other
- related through a long term partner
- living together at the same address
- related by blood.

#### 21. Please provide a main contact for your application.

They must be someone who works or volunteers for your organisation.

#### **Data protection**

The National Lottery Community Fund is a public body with a duty to distribute National Lottery and other money in grants for good causes. We use the personal data you provide, such as contact details for individuals at your organisation, to help you apply for a grant and to assess your application. We may also carry out checks on the individuals as described below. If a grant is awarded, we will use the personal data to manage and monitor the grant, carry out evaluations and research, and to check the money is being used appropriately.

We may share your personal data with organisations which help us with our grant making activities or others which have a legitimate interest in our work or have funded your grant. We will only share personal data which they need to carry out their work and subject to appropriate safety measures.

We may keep in contact with you throughout the life of your grant and send you advice about your grant by email. This will contain useful information on a range of things including how to publicise your grant, information on other funding available and project ideas and tips from other grant holders.

Our Data Protection and Privacy Notice gives more information about how we store and use personal data and the lawful basis for this. Please <u>read the full Notice which is published on our website</u> or contact us to request a hard copy. The Notice may be updated from time to time.

#### Freedom of information

The Freedom of Information Act 2000 gives members of the public the right to request any information that we hold. This includes information received from third parties, such as, although not limited to grant applicants, grant holders and contractors. Please <u>read our full</u> policy published on our website. This policy may be updated from time to time.

If you think that there is information in your application that may be exempt from release if requested, then you should let us know when you apply. We will not usually release information about your project whilst it is being assessed. Otherwise we will use our judgement as to

whether any exemptions may apply, which we may seek your opinion on. Personal information would be withheld subject to the requirements of data protection laws.

### Our approach to fraud

We know the vast majority of the many thousands who seek and use our funding are genuine. However, we sometimes receive fraudulent applications and so we have a duty to carry out checks on individuals at organisations which apply for grants.

The personal information we have collected from you will therefore be shared with fraud prevention agencies who will use it to prevent fraud and money-laundering and to verify your identity. If fraud is detected, you could be refused certain services, finance or employment.

Further details of how your information will be used by us and these fraud prevention agencies, your data protection rights and how to contact us, can be found in <u>our full Data Protection and Privacy Notice which is published on our website</u>. Contact us to request a hard copy.

#### Final steps before you send your application

By submitting this application you are confirming that:

- if your activity will involve working with children, young people or vulnerable adults you have the relevant policies and processes in place
- the senior contact and the board or committee that runs the organisation have authorised this application
- you agree we may use the information you have provided for the purposes described under our Data Protection and Sharing Policy which you can find on our website.
- you accept that if information about this application is requested under the Freedom of Information Act we will release it in line with our <u>Freedom of Information Policy which you</u> can find on our website.

If you are unable to view the information on Data Protection and Freedom of Information and need a copy of our policies please contact us at **0300 123 711** 

Please check you have answered all questions as we can't start assessing your application until it's fully complete.

### Once you're sure your application is complete

Run by National Lottery Community Fund Scotland for the Scottish Government, Young Start awards money from dormant bank and building society accounts that have seen no customer-initiated activity for at least 15 years. The money supports a range of projects that help young people aged eight to 24 years old reach their full potential.
